HOLI Add More Colors to Your FINANCE Life

Balance brings harmony in life and in investments.

As we celebrate the festival of colors, it is also a meaningful time to reflect on balance, renewal, and new beginnings — including in our financial journey. Just as every color has its place in Holi, every asset class has a role in building long-term wealth.

TOO MUCH OF ONE COLOR CAN DISTURB THE CANVAS

THE TRUTH:

Concentrating investments in a single asset class may increase exposure to market volatility.

THE NUDGE:

Diversification spreads exposure across assets, which may help manage fluctuations over time.

INVESTMENTS SHOULD ALIGN WITH INDIVIDUAL FINANCIAL GOALS AND RISK APPETITE.
